

WORKSHOP ON SUBMANIFOLD THEORY AND GEOMETRIC ANALYSIS

UFSCAR, SÃO CARLOS, BRAZIL, AUGUST 05 – 09, 2019

MONDAY- 14h - 14:50h -AUDITÓRIO DO DM

Oscar Palmas

(UNAM, Mexico)

Geometry of null hypersurfaces

ABSTRACT. Null hypersurfaces in semi-Riemannian manifolds are those whose induced metric is degenerate. In this talk we will give an overview of their treatment and some recent results.
